Re: The Rival Cup - 2021

We are cordially inviting avid golfers who are graduate alumni from The University of Georgia and The Georgia Institute of Technology, to participate in **The Rival Cup**. This inaugural event is the first in a series of golf events aimed at raising awareness and philanthropic support for **Mighty Hero Homes** - a nonprofit organization with a mission to eradicate veteran homelessness.

We are seeking a few key players from each team to serve as captains and to help build a team of twenty golfers, who meet the team member criteria, to compete in this championship experience.

In addition to helping Mighty Hero Homes drive their mission forward, the benefits to each university include:

- ★ Sponsorship of one Mighty Hero Home built in honor of each university.
- ★ Opportunity for additional naming rights and sponsorships of multiple MHH's.
- ★ Association recognition in print and online media delivered by MHH.

Each university will be represented in a manner according to the highest standards of professionalism and respect. We are committed to producing these memorable events for multiple years to come and we are looking forward to building a lasting, successful partnership with both schools.

Gratefully,

Brett Gorney, PGA
Executive Director
SERVANTEE

Drew Walston
Founder
Mighty Hero Homes
